Business Development Manager

Mountain-Pacific's vision is to be a recognized leader for driving innovation in health care. Our growing, well-respected company has an exciting opportunity waiting for the right candidate. Are you an experienced and resourceful business development manager who has previously developed and implemented growth opportunities in existing and new markets? We're searching for a professional with a solid track record of creating long-term value for organizations. First and foremost, we're looking for a team member who understands how to capitalize on business trends and opportunities. Required skills: Candidates should have strong verbal and written communication, editing skills; Bachelor's Degree or equivalent work experience; minimum of 2 years' experience with grant/contract writing; and experience with proposal writing. Position requires success in formulating strategies for securing short and long-term business and or revenue streams. This position is flexible and will require an average of 32-40 hours per week. Full benefits. Some travel is required. See our website for information about our organization and apply online at www.mpqhf.org or send resumes to bflynn@mpqhf.org or Human Resources, 3404 Cooney Dr., Helena, MT 59602. EEOE
