

Care Coordination Lead

Do you want to help make a difference? Mountain-Pacific Quality Health is looking for a dynamic professional to lead healthcare coordination in our communities. This includes working with healthcare providers in Montana, in various settings to identify opportunities to improve the transition of patients from one setting to another, assist in the reduction of adverse drug events, and implementation of appropriate community-level interventions. Some travel is required. It is preferable that the successful candidate work from Helena, Missoula or Billings. Excellent benefits and flexible work environment. Part to full-time. Bachelor degree in healthcare-related field, marketing and communications, community-organizing, project management or equivalent. Come join our team and make a difference in improving healthcare for Montanans! Apply online at www.mpqhf.org. Mountain-Pacific Quality Health Foundation, 3404 Cooney Dr., Helena, MT 59602 EEOE
