Antibiotic Stewardship Provider Consultant

Professional to support Outpatient and Long-Term Care Settings to Implement Antibiotic Stewardship Programs: Are you ready to expand your passion to promote antibiotic stewardship and reduce the rising epidemic of antibiotic resistant infections? Mountain Pacific Quality Health is seeking an energetic, self-starting and action-driven professional to lead the Wyoming initiative to assist healthcare providers to adoption the CDC's Antibiotic Stewardship Core Elements in Outpatient (clinics, EDs, pharmacies) and Long-term Care Settings. Professionals with experience in infection prevention, antibiotic stewardship, healthcare, customer service, and/or project management would be preferred. Position based preferability in Casper, but other sites would be considered for the right candidate. Strong computer skills and ability to travel required. Complete application online at www.mpqhf.org , or send resumes to bflynn@mpqhf.org or mail to MPQHF, Human Resources, 3404 Cooney Dr., Helena, MT 59602. EEOE
